

ROYAL TRUCK BODY

**SERVICE BODIES THAT
WORK AS HARD AS YOU DO.**

**Your truck gets you to the job.
We help you get it done right.**

Your business is built on reputation. You're only as good as your last project. That's why you need to show up on time and get the job done right. Your truck will get you to the site. But it doesn't stop there — it's also your office, your marketing, and your toolbox.

You depend on your truck to be ready and reliable. Every tool needs to be easy to grab. Every day needs to run smoothly. Royal makes quality, custom service bodies that are built around the unique needs of your business. All proudly engineered with the strongest materials and finest craftsmanship. With Royal you get service bodies that are made to work hard like you.

Standard features to meet your highest standards.

The last things you need are surprises and expensive add-ons. You have no patience for nickel-and-diming, just like your customers. So Royal Truck Body gives you more standard features than any other service body builder. The kind of commonsense value that respects your hard work and tight margins.

More standard features that deliver uncommon value:

- ☑ Double-paneled, self-supporting, self-leveling tailgate with locking paddle handle utilizing the one-key solution
- ☑ Fortress 5-point security hardware utilizing the one-key solution automotive lock package
- ☑ Single doors on front compartment for enhanced resistance to water and dust
- ☑ Gas shocks on all vertical doors
- ☑ Portable storage bins in open top compartments on both sides
- ☑ 4 tie-downs in bed area
- ☑ Lock-in-place, adjustable shelves in compartments on 2" centers
- ☑ Weather stripping for dust and water-resistant compartment interiors
- ☑ Rain gutters above all doors
- ☑ Gas springs on all vertical doors and chain stops on horizontal doors
- ☑ All compartment doors are double-paneled
- ☑ Trademarked, recessed, stainless steel door pockets with internal fasteners
- ☑ Top lids have 2 gas shocks and 2 rotary latches, each mounted on lid ends
- ☑ Bright tread aluminum diamond plate overlays on top lids
- ☑ Bright tread aluminum front gravel guards and splash guards
- ☑ 13.5"-high self-leveling tailgate with shear-resistant machined hinges and protective stainless steel cap
- ☑ 12-gauge diamond plate floor on 10-gauge crossmembers
- ☑ Integrated fender flares
- ☑ Zinc-plated hinge rods with hinge blocks
- ☑ Lighting package installed on bumper kickplate
- ☑ 8" rear step bumper
- ☑ 1900 emulsion undercoating
- ☑ Zinc-plated door lock rods
- ☑ Vertical or horizontal compartment layout available
- ☑ Three-year limited warranty

A RELIABLE TOOL FOR EVERY LINE OF WORK.

The right tool at the right time. That's how you work. That's why Royal works tirelessly to build custom service bodies for practically every vocation. And every need. From construction and carpentry to plumbing and service maintenance and every vocation in between, we have the perfect service body for the job.

ONE SIZE DOES NOT FIT ALL.

Sure, size and shape are important. But you need more, like as much cargo space as possible, security, and rugged reliability.

ADD-ONS THAT ADD VALUE.

A little something extra on your truck service body can make a big difference in your workday. These accessories can help you work faster and smarter.

Accessories:

Regular Ladder Rack & Forklift Loadable Ladder Rack

Add additional storage with an over-cab ladder rack. Available in standard or forklift loadable for every cab/body combination.

Cab Guards

Protect your cab from inadvertent damage while maintaining rear visibility. Available in several sizes to fit any cab/body combination.

Three-Piece Roll Top and Raised Roll Top

Enclose your cargo area with a lockable 3-piece roll top made of the same high-quality material that the body is constructed with. Available in two heights, standard and raised.

Work Platforms

Transform your service body into a workstation by adding a work platform on the rear. Available in a number of lengths, with an optional V-notch for cradling pipe.

Oxygen/Acetylene

Turn your truck into a mobile welding station by adding a tall compartment with brackets for oxygen and acetylene bottles and louvers for ventilation.

Internal Master Lock

Add an extra layer of protection with the Internal Master Lock featuring a twist handle that can be secured using a padlock.

Let's get to work.

You don't have any time to waste. You've got a list of projects and deadlines that aren't going to move. Once you have your truck selected, you need it built out with a service body you can count on. And you need it fast.

Royal Truck Body will make sure you get exactly what you need. When you want it. We won't waste one minute or one day of your valuable time. Please give us a call or stop by your local Royal dealer. We can't wait to support you. And your business.
