3 shelf units do not fit over the wheel well in ProMaster

F5-RA36-3

We offer 2 depths of shelf trays: 18" depth and 20" depth. Posts and shelf trays can also be purchased separately.

FLEXIBLE

Shelves can be easily folded up or down to accommodate cargo

TOUGH

With a weight capacity of 250 lbs these aluminum units are sturdy & durable

SAFE

Each shelf is designed with plastic corner caps & a pinch guard

QUIET

Sturdy gas shocks hold the trays tightly up or down, eliminating rattles while driving
