

# FLATBED

## SETTING THE STANDARD

## 1000 SERIES STANDARD FLATBED

While we've learned a few tricks since our first beds rolled off the production line in 1984, one trait has defined DewEze from the beginning - DURABILITY. With heavy-duty steel construction, full-view lowered headache racks, sealed and rubber-mounted lights, and gooseneck wells with flush covers, you can be confident you're buying the best flatbed on the road or in the field.
