

TOUGH AS NAILS. EASY CHOICE.

> STAINLESS STEEL RUGBY ELIMINATOR LP

TACKLE THE TOUGHEST JOB WITH A DUMP BODY OF STEEL.

Corrosion-resistant and more durable than steel, the stainless steel Eliminator LP makes a statement on any jobsite: You're here to work, and look good doing it.

Made with 201 #4 polished stainless steel, this shining workhorse is built with a one-piece floor, dirt-shedding sides, a centrally located quick release lever (fold-down side models only) and the patented EZ - LATCH™ system.

STAINLESS STEEL LP

STAINLESS STEEL SHINES ON ANY JOBSITE.

With a stainless steel Eliminator LP dump body on your truck frame, you're dressed for success. Because whether you're hauling lumber to a construction site or a load of mulch to a landscaping project, a stainless steel dump body works as good as it looks.

Stainless steel Eliminator LP rigid and fold-down side models offer these options:

- Cabshields (1/4, 1/2, 3/4, full) standard and tall
- Choice of fully stainless steel interlaced or crossmemberless understructure
- 10 ga 201 #4 polished stainless steel sides and ends standard
- Pockets for 6" side boards to increase load capacity
- One-piece 3/16" AR450 steel floor on crossmemberless understructures
- LED lighting standard

STANDARD FEATURES:

- 10 ga and 12 ga construction
- Side design with fully boxed dirt-shedding top rail and sloped bottom rail for improved self-cleaning
- Double-walled rigid sides with vertical braces
- Single-walled fold-down sides with vertical braces
- Pockets for 6" side boards increase load capacity
- Seamless one-piece front body features triple-bend top rails for long-term durability
- Crossmemberless understructure gusseted to 8" formed longills
- Standard 1/4 cabshield with viewing window
- Full height corner posts with rear surface sloped aids in tailgate closing
- Tailgate features double-walled panel design with fully boxed dirt-shedding top and bottom rails
- Standard AR 3/16" floor
- Board pocket design aligns with cabshield and allows the use of tapered side boards to increase capacity when hauling lighter loads such as brush, firewood and mulch

Note: While the addition of a taller side board allows for some additional capacity, you must follow the maximum weight capacities of your body and hoist. All specifications are subject to change without notice.

6° SLOPE TAILGATE
For easier closing tailgate.

STAINLESS STEEL RIGID 2-3 YARD BODY

Body Length (inside)	9' 3"	11' 3"
Body Capacity	2-3 yd ³	2-3 yd ³
Side Height	12"	12"
Rear Height	18"	18"
Body Weight	1,450 lb	1,660 lb

STAINLESS STEEL FOLD-DOWN SIDE 2-3 YARD BODY

Body Length (inside)	9' 3"	11' 3"
Body Capacity	2-3 yd ³	2-3 yd ³
Side Height	12"	12"
