

INTRODUCING THE

# UTILITY DECK

HIGHWAY PRODUCTS UTILITY DECK IS THE INDUSTRY'S FIRST  
LOAD BEARING BED COVER WITH UTILITY BOXES AND  
A UTILITY GATE, CREATING THE ULTIMATE  
ALTERNATIVE TO A SERVICE BODY.

With the secure storage beneath the cover combined with the compartment boxes, there is over 2.5X as much secure storage compared to a long bed single rear wheel service body. And, you still have deck space for materials, equipment, and tools!

## THE UTILITY DECK COMES **LOADED WITH STANDARD FEATURES.**

The **2000-pound load-rated diamond plate deck** with a slam shut **Utility Gate** provides storage for equipment, tools and materials. A **hex-punched headache rack** protects your cab, provides visibility, and keeps your cab cooler. The **double e-track** positioned high and low runs the entire length of the interior of the compartment boxes and delivers versatile tie down points and other e-track accessories like ladder hooks or storage bins.

Similar to a Bed Cover, when the tailgate of your truck is locked, it creates **secure storage beneath the deck** with the flexibility for customized organization. The **two double lift-door high side utility boxes** positioned on the deck each include an adjustable shelf for even more storage options.

Take the Utility Deck to the next level by selecting from additional choices like a **cargo rack** for overhead storage, **tool drawers** in the utility boxes, and a **Truck Slide** on the floor of the truck bed to easily pull out and access the stored contents.

# WHY CHOOSE A **UTILITY DECK** OVER A COOKIE-CUTTER SERVICE BODY?

## MORE STORAGE

**2.5X** as much secured storage compared to a service body by gaining secure storage under the deck!

## EXPANDED TRUCK OPTIONS

Available for all full-size pick-ups and bed lengths, even F150s. Stop waiting on cab and chassis supply chain issues.

## 2-HOUR NO DRILL INSTALL

No truck modifications required. Retain all bed technology! Reduce down time!

## SAVE MONEY

Lower overall price VS an aluminum service body. Vastly decreased installation costs. Quickly transfer to the next truck; stop throwing away assets.

## PE STAMP CERTIFICATION

2,000 LB load rating, even with 1G lateral acceleration. Crash test ratings consistent with ford NHSTA Filing. Bottom Line: Don't worry about the Utility Deck, It's certified.
