ALUMINUM GOOSENECK BODIES

KNAPHEIDE GOOSENECK BODIES

Versatility with storage solutions to meet every need, Knapheide Gooseneck Bodies are an easy choice. Rugged construction, enhanced styling and secure storage give you a body that can haul it all.

The Knapheide Aluminum Gooseneck features aerospace technology assembly utilizing military-grade aluminum extrusions. What does this mean? This means a rugged work body that is 40 percent lighter than steel to provide more payload for the haul. With a gooseneck hitch system rated at 30,000 lbs. you can rest assured that this aluminum flatbed can handle your heaviest of loads. The aluminum construction gives you better protection against corrosion ensuring your aluminum truck bed will last for years to come.

AL-PGNB-96
*Body may be shown
with optional features

STANDARD FEATURES

- Available in nominal lengths of 7', 8', 9' and 11'
- Composed of Military-grade aluminum extrusions and Marine-grade aluminum sheeting, resulting in a body that is 40% lighter than steel, returning payload back to the operator
- Aerospace assembly technology — assembled entirely from Grade 5 hardware and structural rivets that are coated specifically not to corrode with aluminum materials
- A contoured bulkhead with stylized screened window provides maximum visibility and safety
- Military-grade aluminum extruded planks perform double-duty, providing exceptional styling and strength for the floor, as well as unmatched structural strength as the cross sills
- Side rails are extruded Military-grade aluminum channel with a tapered edge, providing protection to the floor planks and allowing for cargo and product to be loaded and unloaded without damage
- External 3/8" thick Military-grade aluminum rub rails installed on both sides of DRW bodies
- Reinforced stake pockets are sized to accept 2"x4" lumber as well as Knapheide side options
- Integrated under body tie downs provide a reinforced location for attaching cargo tie down straps
- Long sills are an extended aluminum structural channel
- Integrated driver's side fuel fill (location depends on bed length and tank location)
- All marker, clearance and I.D. lights are LED
- Bulkhead and rear skirt include integrated oval B/U and S/T/T LED lights
- Under-the-floor gooseneck hitch system with 2-5/16" ball installed (hitch is rated at 30,000 lb. gross trailer weight with 5,000 lb. tongue weight)
- Safety chain attachment points and 7-way trailer plug are included in gooseneck box and at the receiver hitch

COMMITMENT TO CORROSION RESISTANCE

Aluminum bodies are naturally corrosion resistant. Where steel fasteners are used, those fasteners are coated with “EcoGuard” to eliminate the interaction between the steel and aluminum.

The aluminum assembly method both allow us to create products with the highest level of corrosion resistance available.

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

Knapheide. Never settle.
